Education Group Kick Off Meeting

Discord

- Click link below and login
 -

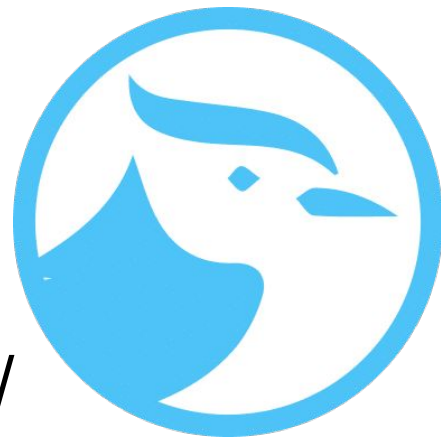

What is this groups goals?

- Create Charter to enumerate the goals
- Original set of goals
 - Collate and create articles and videos to teach AI best practices
 - Collate and create articles and videos on the how to use Java with AI
- Goals
 - Are the original set of goals correct?
 - Are we missing something?
 - Create a jump off point for those who are new to AI
 - This includes new to Java, Intermediate, Advanced engineers
 - Answers the questions “Where do I even start”
 - Sub Groups : Machine Learning, Generative, Code Generative
 - Inspire Java developers to get started
- Facilitate collaborations among sub group members for the above activities
- How often do we want to meet?
- How do we do the work on this?
 - We all work on our own things and then share with group.

TODO

- Charter (Glenn)
 - Editorial
 - Definition of success
 - Target Audience
