

# JC-AI Footprint and Communications

# Expanding the reach of the group beyond JC's

- Include Java Experts and JUG leadership
- Rename the Group to Java-AI
- Who is missing?
  - New invites
  - Send another email to JC's?
    - If I don't have your email then, the an invite fails to send

# What are the focus groups?

## Java AI Education Group

AI Working Group to curate, create education materials and provide a location where this material will be hosted for educating Java Champions, JUG leadership and Community. Also PHD Paper Submission (Thesis) Locale

### Working Group

- Catalin Tudose
- Ken Kousen
- Tom Cools
- Barry Burd
- Pratik Patel
- Glenn Renfro
- Frank Grecco
- Miro Wengner
- Vlad Mihalcea
- Mary Grygleski
- You?

# What are the focus groups?

## **Java AI Conference/Meetups Group**

AI Working Group to facilitate Java champions getting involved in AI meetups and conferences.

This group will identify meetups, organizations, and conferences we should be involved in. It will also create and share material, as well as assist Java Champions to present at these meetups and conferences.

### **Working Group**

- Miro Wengner
- Kito Mann
- Mario Fusco
- Ken Kousen
- Mary Grygleski
- Glenn Renfro
- You?

# What are the focus groups?

## Java-Focused AI Working Group

### **Description:**

Focuses on providing standards and guidance for Java coding assistants. This work would help create best-in-class Java AI coding assistance.

- A group that would provide topics and actions that would really help Java developers
- Vs. the generic tooling for all languages

### **Working Group:**

- Emily Jiang
- Pratik Patel
- Zoran Sevarac
- You?

# Communications

- Use current group for chats and notifications
- Use Slack but create a new org with a channel for each focus group
- Other?

# Groups

- We need a facilitator(s) for each group
- We need to schedule the group meetings

# What should a charter be?

**Mission statement:** To strengthen the Java community by providing an environment where our members can share their knowledge, discuss advances in related technologies, and promote the use of Java for AI in their workplace.

TL;DR - Promote Java for AI

## **Charter should contain**

- Deliverables of the group
- Definition of scope of the group
- Structure of the group
- Discuss the responsibilities of the coordinators/facilitators
- Time commitment of the members
- Once documentation (charter/goals) is complete make it available to the public via a github repository

# Notes Continued

We can't use the name Java for the new group.

- What is the name J-AI?
- Can we approach the JCP Committee about being an umbrella for this.
  - Reach out to Heather for this

- **Charter Proposal**
